With left thumb hold yarn at center leaving end to extend about 1 inch; with right hand, pass yarn from left to right around spoke No. 1 at top; across center; from right to left around spoke No. 2 directly opposite, wrap around these 2 spokes once more in same way; across center, from left to right around spoke No. 3 at right of spoke 1st wrapped; across center, from right to left around spoke No. 4 at left of 2nd spoke wrapped; wrap these 2 spokes once more; across center, from left to right around spoke No. 5; from right to left around spoke No. 6; around these 2 once more; and continue in this way wrapping twice around 2 spokes exactly opposite then passing on to the next 2, until all spokes are wrapped twice ending with No. 12; bring yarn across center and cut end about 1 inch beyond center. If a daisy of more layers of petals is desired, wrap as many times as you desire layers of petals. MAKE CENTER BEFORE REMOVING DAISY FROM WINDER. See Illustration E.

MAKE CENTER BEFORE REMOVING DAISY FROM WINDER. See Illustration E.

TO MAKE DOUBLE PETAL DAISY WRAPPED OVER 2 SPOKES. Make same as single petal over 2 spokes, then continue to wrap in same way as many times as desired.

Illustration E—Center. Thread needle with yarn for center. Fasten at center of wrong side of daisy as for embroidery. The side of daisy toward you is the wrong side. Insert needle under 4 petals, draw yarn through tightly; bring yarn back over the last 3 of these 4 petals, insert needle under these 3 petals and 1 more making 4 petals in all; draw yarn through, continue to bring yarn back over 3 petals and draw it under 4 petals each time until you have made 13 stitches. Be sure there are 13, otherwise your center will not be complete. As the weaving stitches are worked, be careful to carry around the starting yarn end of Daisy, taking each weaving stitch over this end for at least 10 stitches so as to fasten it securely. This is particularly necessary with all the cotton threads. Fasten yarn on wrong side. Cut off all ends close to center.

Turn knob in opposite direction to draw in spokes and release daisy.

Illustration F. Right side of complete daisy.
